

Calpeda Product Range calpeda®

NM, NMD

Close coupled centrifugal pumps with threaded ports

NM, NMS

Close coupled centrifugal pumps with flanged connections

NM4, NMS4

Close coupled centrifugal pumps n = 1450 rpm

N, N4

End-suction centrifugal pumps EN 733

NR, NR4

In-line pumps

MXH, MXHL

Horizontal multi-stage stainless steel pumps AISI 304, AISI 316L

MXP

Horizontal multi-stage close coupled pumps

MGP

Horizontal multi-stage close coupled pumps

MXSU

Vertical multi-stage close coupled stainless steel pumps

MXV-B

Vertical multi-stage close coupled stainless steel pumps

MXV, MXVL

Vertical multi-stage stainless steel pumps AISI 304, AISI 316L

MXV-E

Variable speed multi-stage vertical pumps

SPA Compact Spa

Self-draining whirlpool pumps

MPC Compact Pool

Self-priming swimming pool pumps

NMP

Self-priming centrifugal pumps with built-in strainer

PF

Pre-filters in stainless steel

A

Self-priming centrifugal pumps with open impeller

C

Centrifugal pumps with open impeller

CT

Peripheral pumps

T, TP

Peripheral pumps

CA

Self-priming liquid ring pumps

NGL

Self-priming pumps

NGX

Self-priming pumps

NG

Self-priming pumps

MXA

Horizontal multi-stage Self-priming pumps

I, IR

Gear pumps

B-VT

Peripheral immersion pumps

VAL, SC

Vertical submerged pumps

GM 10

Submersible drainage pump

GXR(R), GXV

Submersible stainless steel pumps

GQR

Submersible drainage pumps

GX 40

Submersible stainless steel pumps

GQS, GQV

Submersible sewage and drainage pumps

GM 50

Submersible sewage and drainage pumps

GM

Submersible pumps

MXS

Stainless steel multi-stage submersible clean water pumps

SFM 70

Peripheral submersible borehole pumps for 4" wells

SD, SDF, SDN

Submersible borehole pumps for 4" and 6" wells

SDX

Stainless steel submersible borehole pumps for 6" and 8" wells

SDS

Submersible borehole pumps for 6" - 8" and 10" wells

CS, FK

Submersible motors for 4" - 6" - 8" and 10" wells

NC, NCE

Heating and conditioning

IDROMAT

Electronic regulator for pumps

EASYMAT

Variable speed system driven by frequency converter

VARIOMAT 2

Variable speed system driven by frequency converter

BS

Pressure boosting sets

Accessories

Accessories for pumps
